## DWm4 Architects

Mamnoon Murshed Chowdhury  
Principal Designer and Chairman / Director

Mahmudul Anwar Riyaad  
Principal Designer and Director

### BIOGRAPHY:

Dwm4 Architects was established in 1995 in an age when architecture globally was facing the realities of unprecedented urbanism. The team, comprising of architects and engineers, is representative of Dhaka's new breed of professionals striving to find logical, scientific solutions to the challenges posed by a changing social context. Ar. Mamnoon Murshed Chowdhury and Ar. Mahmudul Anwar Riyaad are the Founding Partners of the practice. Ar. Shaoki Shamim recently joined as the third partner. DWm4 Architects provides wide-ranging and complete design solutions for its clientele, including Feasibility Studies, Architectural, Structural, Electrical, Sanitation, Landscape Design, Visualization, Preparation of Schedule of Items, Bill of Quantities, Specifications, Cost Estimates and Tender Documents, Construction Management, Interior Design & Execution, etc. Engineering solutions are provided by our associate engineering design offices run by the most reputed professionals in the country. Project Feasibility Studies are done by Amicus Corporate Advisory Group. DWm4 Architects has several sister concerns that have become the leaders in their own sectors. Latitude-23 is Bangladesh's first and foremost office in the visualization sector with a global reputation. It is currently working for clients in North America, Europe, and Japan. Interior Design & Execution Services are provided by DWm4 Intrends Ltd. Several of its projects have won awards in recent years. Brainstation-23 is one of Bangladesh's largest IT firms, providing BPO services for global giants such as British Telecom, Paypal, and Telenor. It is the winner of the HSBC Export Excellence Award. KNMR Ltd. provides industrial design services, specializing in pharmaceutical and the entire spectrum of textile and garments sector like spinning, dyeing, knitting, weaving, packaging etc. Since its inception, DWm4 has won laurels in design competitions. Presently, the firm is engaged in the design and supervision of projects of various natures that include private residences, apartments, real estate developer projects, institutional, educational, commercial, and mixed-use buildings, hospitals, industrial structures, etc. Their client group includes both local and foreign organizations and NGOs.
