Building Services Space Management

Speaker:

Engr. Md. Hasmotuzzaman

MEP Consultant and Founder MD, Utility Professionals

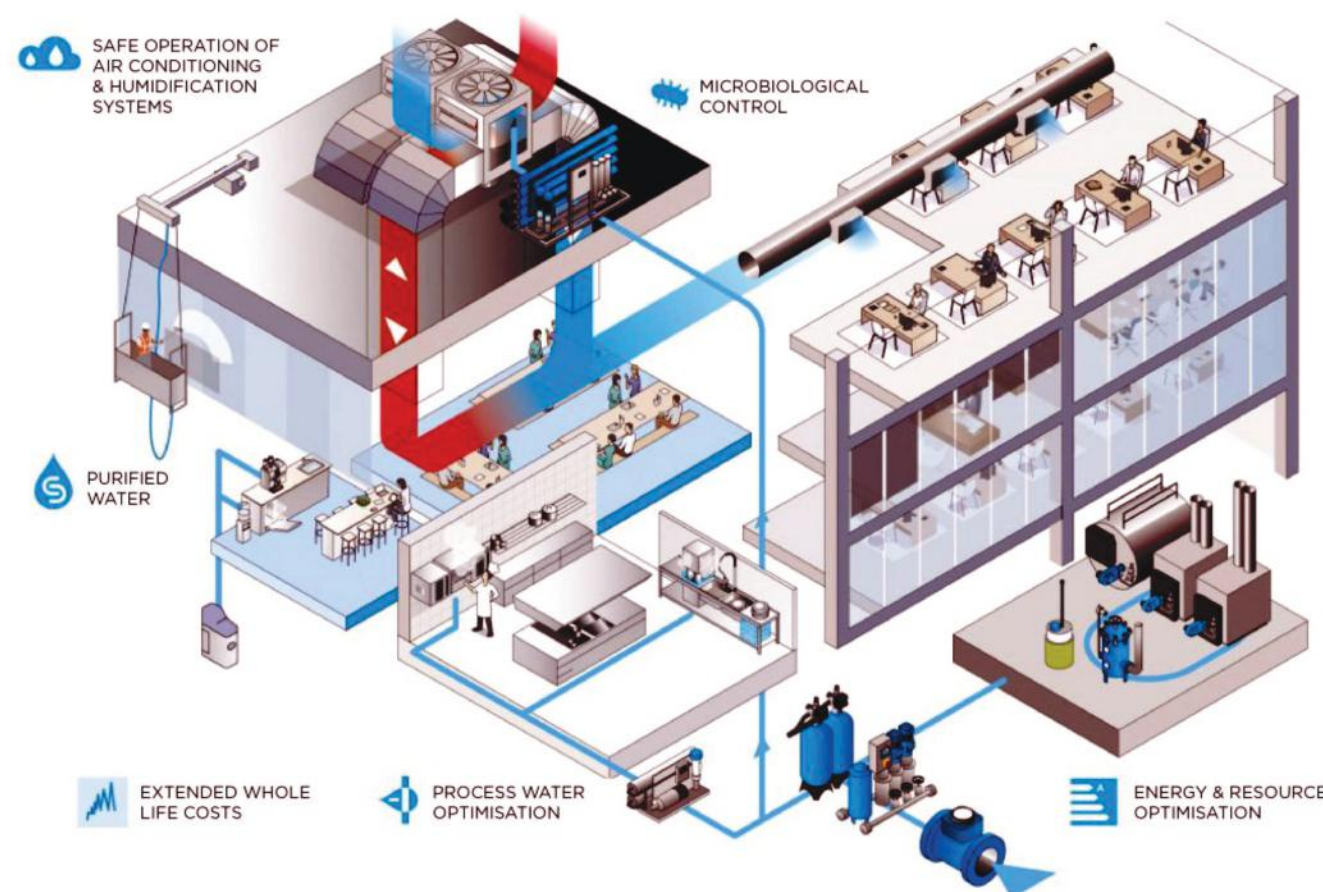

BIOGRAPHY

Engr. Md. Hasmotuzzaman completed his B. Sc. in Mechanical Engineering degree from Bangladesh University of Engineering and Technology in 1991. He is a renowned MEP consultant. In 2004, he established an MEP design and consultancy house – Utility Professionals. In his versatile career as a team leader, he has worked on several large national-level projects like the Franco-German Embassy, Dhaka; Padma Multipurpose Bridge End Facility; BMA Bangabandhu Complex, Bhatiary, Chattogram; Rampal Township Project, Bagerhat; and many other industries, hospitals, auditoriums, universities, etc. He was also the representative of Institution of Engineers, Bangladesh (IEB) for BNBC up-gradation supervision. Currently, he is the President of the ASHRAE Bangladesh Chapter and a Fellow of the IEB. Along with that, he is the Vice President of the Fire & Electrical Safety Consultants' Association of Bangladesh and an enlisted Fire Safety Consultant of Bangladesh Fire Service & Civil Defense. For his numerous contributions, he received the Gold Medal Award from the Atish Dipankar Memorial Trust, Dhaka.

SYNOPSIS

This presentation will highlight on Space Management for Utility Services of different Facilities. This will help the Architects for planning space for Substation, Generator, Chillers, Cooling Tower, Air Compressor, Boilers, ETP, STP, WTP, Incenerator, Water Reservoirs, Pump Room, Lift, Escalators, Exhaust system, Staircase, Emergency exits, with Shaft, Punches, Sleeves, Louvers, etc. requirements.
