

Khulna University Research Cell
Khulna University, Khulna
FY: 2018-19

Sl.	Name and Designation	Discipline	Title	Allocated Money
1	Prof. Dr. Sheikh Julfekar Hossain	BGE	Isolation, Bio-molecular Characterization, Identification and Mass Production of Salt-tolerant Phosphate Solubilizing Bacteria for Promoting Crop Production in Salinity Affected Areas	4,00,000/=
2	Prof. Dr. Md. Golam Sarower	FMRT	Estimating peak breeding season, size at first maturity and variation in fecundity and egg-size at different sizes of Hilsa (<i>Tenualosa ilisha</i>)	4,50,000/=
3	Dr. Md. Lifat Rahi Associate Professor	FMRT	Impact of salinity changes on growth, rate of O ₂ consumption and expression patterns of important genes in mud crab (<i>Scylla olivacea</i>)	4,50,000/=
4	Prof. Dr. Ayesha Ashraf	BGE	Morphological and molecular characterization of magnaporthe oryzae isolates from wheat	3,20,000/=
5	Dr. Md. Shamim Akhter Associate Professor	BGE	Bioassay and evaluation of antimicrobial & cytotoxic activity of seed extracts of selected common Bangladeshi plants	3,60,000/=
6	Prof. Dr. Noor Un Nabi	BA	Tapping the value in the upstream of the value chain for sustainable local economic development (SLED): Environmental and livelihood aspects assessment of the export-oriented handmade wall tiles pottery in Koloroa and Dumuria Upazila	3,80,000/=
7	Dr. Md. Azharul Islam Associate Professor	FWT	Turning biomass waste to biocoal: A cleaner fuel for the Improved Coking Stoves (ICSs)	3,25,000/=
8	Prof. Dr. Feroz Ahmed	BA	Promoting Green Behavior of the Tourists for the Growth of Sustainable Tourism Development in the Sundarbans of Bangladesh	2,65,000/=
9	Dr. Md. Rubel Ansar Associate Professor	Bangla	The Sundarbans in Bangla Literature: The Socio-Culture of Sundarbans	2,90,000/=
10	Palash Kumar Dhar Lecturer	Chemistry	Heavy Metals and Mineral Profiles in Commercially Available Ice-cream in Khulna, Bangladesh	2,60,000/=
Thirty Five Lac taka only = 35,00,000/=
