According to the Academic Ordinance for Undergraduate Program of this University **effective from the session 2007-2008** (Approved by 120th meeting of Academic Council on 24/11/2007 & 130th meeting of Syndicate on 03/12/2017). The Number & Duration of Term, Assignment of Credit Hours, Calculation of GPA, Performance of Evaluation and Minimum CGPA requirements for obtaining Degree will be awarded in accordance with provisions shown below:

1. The Number & Duration of Term:

There will be two terms (1 and 2) in an academic year. The duration of each term will be 21 weeks, as follows:

Classes	13 Weeks
Preparatory leave before final Examination	02 Weeks
Final Examination	04 Weeks
Term Break	02 Weeks

2. Assignment of Credit Hours:

a. **Theoretical Courses:** One Lecture of 50 minutes a week will be equivalent to one credit hour.

b. **Sessional Courses:** One Sessional class of 50 minutes a week will be equivalent to a half credit hour.

3. Calculation of GPA:

Grade Point Average (GPA) is the weighted average of Grade Points obtained in all the courses passed/completed by a student. For example, if a student has passed/completed five courses in a term having credits of C1, C2, C3, C4, and C5 and his/her points in these courses are G1, G2, G3, and G5 respectively, then,

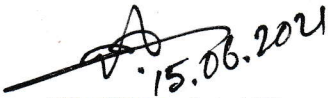

$$GPA = \frac{\sum C_i G_i}{\sum C_i}$$

4. Performance Evaluation:

The performance of a student will be evaluated in terms of three indices, viz., Term Grade Point Average (TGPA), Yearly Grade Point Average (YGPA) and Commutative Grade Point Average (CGPA). The TGPA is computed by dividing the total grade points earned in a Term by the number of credit hours taken in the Term. The YGPA is computed by dividing the total grade points earned in two Terms in a year by the number of credit hours taken in that year. The CGPA is computed by dividing the total grade points accumulated up to date by the total completed credits. Thus, a student who has earned 2.75 grade points in attempting 100 credit hours of courses would have an overall CGPA of 2.75.

5. Minimum Earned Credits and GPA requirements for Obtaining Degree:

Students must complete their studies within 7 (seven) years in 4-year program and 8 (eight) years in 5-year program to obtain their degree. Credit hour requirement for awarding of Bachelor/Bachelor's (Hons.) Degree in 4-year and 5-year programs will be decided by the respective Curriculum Committee. The minimum CGPA requirement for obtaining a Bachelor/Bachelor's (Hons.) degree is 2.20 in a scale of 4.00.
